

THE GEORGIAN REALITY

In Georgia, **MEN EARN**, on average,

39% MORE
THAN WOMEN

For **WOMEN**,

that means **411 ₾** less a month
than **YOU COULD HAVE EARNED:**

In a year
that is the equivalent of **4,934 ₾**

In 5 years
that is the equivalent of **24,672 ₾**

In 10 years
that is the equivalent of **49,344 ₾**

In a lifetime
of working (45 years)
that is the equivalent of **222,048 ₾**

Did you know that,
WITH THAT EXTRA MONEY,
YOU COULD HAVE:

*purchased a
4-room apartment
in Tbilisi*

*purchased
1 car*

*sent a child to
the most expensive
private university in Georgia
for a Bachelors degree*

*taken a family of 5 on a trip
to Bakuriani and Batumi
once a year for 45 years*

Isn't it time
YOUR DREAM BECAME A REALITY?
